About the Emperor Augustus Campaign Pack

The Emperor Augustus Campaign Pack is a new playable campaign for ROME II, which rivals the original ROME II Grand Campaign in both scope and scale. This campaign comes as part of **Total War™: ROME II – Emperor Edition** and is available as a free, automatic update to existing owners of **Total War™: ROME II**.

The Emperor Augustus Campaign Pack is set in 42 BC during the chaotic aftermath of Caesar's grisly murder. The republic remains whole, but its soul is divided as three great men, the members of the Second Triumvirate, hold the future of Rome in the palms of their hands.

Octavian, Caesar's adoptive son and the heir to his legacy.

Marc Antony, Caesar's loyal friend and most trusted lieutenant.

Lepidus, Pontifex Maximus of Rome and the man who secured Caesar's dictatorship.

With the territories of The Republic divided between them and the military might of Rome at their beck-and-call, the members of The Second Triumvirate are each in a position to make a bid for leadership, and rule Rome as its first – and only – emperor.

However, external forces are on the move, looking to exploit the instability of Rome and expand their own territories. Will you fight as a defender of Rome and defeat the other members of the Triumvirate? Or lead another faction on a campaign of

conquest and expansion, and take advantage of the chaos as the Roman civil war rages?

Playable Factions

Players may embark on a new Campaign as one of the following playable factions:

Marc Antony

Lepidus

Octavian

Pompey

Iceni

Marcomanni

Dacia

Egypt

Parthia

Armenia (also now playable in the ROME II Grand Campaign).
